MUSLIM YOUTH, SETTING TRENDS

Background and Scope

Our faith tells us to stand out from the crowd and to represent what we believe in. How can we be "Lions" leading the pack, rather than compromising our values in the face of the irreligious secular materialist western world

How do we maintain the true expression of our faith living and working in a mixed society? How can we as Muslim youth stand out and set the trends to have people follow us as opposed to being carried away by prevailing "unIslamic customs"?
